

# GOLD FOR STEVENS EXPLAINS WHY SILVER TOOK SPOTLIGHT

Gold alone is not sufficient to meet the world's trade and economic demands. There ought to be added to gold backing its old ally, silver, if trade and industry is to function in a normal and equitable manner.

That is the opinion of Mr. Stevens, long an advocate of silver use, in the following article, which he entitled "Silver Takes the Spotlight." Mr. Stevens upholds the view that Canada, third silver producing country with 16 million ounces a year, should monetize it along with gold. This view has been consistently advocated in *The Edmonton Bulletin*.

Monetization at \$1.20 an ounce would make Canada's production worth nearly \$20 million a year.

By HON. H. H. STEVENS  
Written For The Edmonton Bulletin

The study of modern economic problems would be most interesting and fascinating were it not for the fact that one is impressed with the terrible seriousness of it all.

World conditions are such that one dare not look upon sociological and economic problems in that cool and detached way which for years characterized the average student of economics.

Silver has suddenly jumped into the spotlight and as a consequence there is a veritable boom in silver mining stocks. That aspect of the matter leaves me cold and uninterested. But the fact that silver is claiming the attention of students the world over is to me most interesting and gratifying.

Early in 1930, and prior to the last general election, in speaking in the House of Commons I urged the consideration be given to the restoration of silver (together with gold) as a metallic backing for currency issue.

Later, in 1931, I spoke on the subject again, and on several occasions have urged that, owing to the scarcity of gold and its concentration into the hands of virtually two nations (France and the United States), some other base currency issue would have to be found.

As two-thirds of the world's population has from a monetary used silver as currency, it would be advisable for world monetary authorities to once again consider a return to a bi-metallic currency.

It must be borne in mind that it

## Winsome Girl Now Is Facing Firing Squad

"If women have the courage to fight soldiers, they have courage to face a firing squad." The words of Secretary of the Interior Maximiliano Smith referred to these two modern Amazonas, Zimara O'Halloran, 14, blonde Irish-Cuban, and Senora Concha Valdivia, 18, blonde of an electric company official.

Zimara was said to have married a machine gun as one of the 12 followers of Antonio Gutierrez, in attempting to defend El Morillo, an old fort in Matanzas. Gutierrez, a noted Radical leader, was killed as were five of his soldiers, including Maximiliano, 18 years old, and a civilian, 18 years old. The two women are expected to be among the martyrs.

## MAYOR CLARKE REFUSING AID TO STRIKERS

Refusing point blank to use his influence in an attempt to reduce sentences imposed on restaurant "Wags" at the minimum wage act.

Joseph A. Clarke told a delegation of 14 waitresses Tuesday morning, "I'll do no such thing."

The delegation, including John O'Sullivan, a cafe waiter, and the new restaurant union organized with a view to forcing obedience of the minimum wage act.

# SUBTERRANEAN SHOOTING MILES SUDDENLY FLOOD AS WALL BREAKS

**With No Chance to Escape  
Entire Working Force  
Drowns in Rushing  
Torrent.**

TSINAN, Shantung, China, May 14.—Four hundred Chinese miners and Japanese foremen were drowned Monday after a shaft of the Szechuan coal mine, 70 miles west of here, was suddenly flooded by a subterranean river.

The torrent was released when a rock in a wall of the shaft gave way. The miners in the shaft and foremen were trapped without a chance for escape as the entire working force was flooded within 40 minutes.

The water sloshed circled the pump plant of the mine, putting pumps and the elevator out of commission and forestalling every rescue effort.

The mine was owned jointly by Chinese and Japanese.

# CITY RELIEF STRIKERS IN SOLID FRONT

**Ultimatum of Council Ignored  
as Recipients Refuse  
to Work**

Ignoring the ultimatum of the city council to cut off relief to recipients who refuse to work, strikers of Edmonton unemployed continued to be paid 100 per cent effective Tuesday.

Out of 80 men called to report for work at the city stable, 104 Ave., at 8 a.m., only three turned up. One man was paid for a crowd of 200 picketers to not enter the barn, the other two passed inside the fence enclosure and one was immediately sent to the street end in a car.

The third man was still waiting for a bail-out later.

**25 PICKUP PRESENT**

Chief Constable A. G. Stube sent about 25 men to the stable at an early hour to protect relief recipients who were willing to work. The night force was detained for this purpose.

Only three men reported for work at the South Side athletic park, where it was intended to put the camp grounds in shape for the summer auto tourist business with relief.

Mayor Joseph A. Clarke was at the city stables early, to observe at first hand the effect of the order of the council.

**MAJOR IN SILENT**

Asked by reporters if the "no work-no relief" edict would be in force now that the strikers have apparently accepted the challenge of the mayor said:

"I have nothing to say. You know what the council decided. The force of city police under command of Sergeant Major Dan Fraser were armed with riot clubs and taken to the city stables in the night wagon, which is the city's property."

The picketing force at the city stables was divided into three groups, the strikers taking up stations in front of the three gates, two of which are on the south side of the stables and the third on the north side of the buildings. There were many women and a few children in the picket line.

Officials Monday moved a large quantity of iron pipe away from the north fence, to prevent the pipe from being used for weapons by the picketers.

**WELLING BUT AFRAID**

The barn foreman refused a man with a lunch bucket around the picketers and asked him if he desired to go to work. He replied he was willing but afraid.

Latest flurry of excitement in the strike occurred Monday afternoon, when police, in a lightning raid arrested Harry Johnston, during a meeting of unemployed on a market square.

Johnston had just finished making a speech, in which he urged the men to carry the strike to a successful conclusion, when a police patrol drove quietly up and halted almost unobserved behind him.

Three constables, armed with night sticks, and Constable Eustice Foster pushed Johnston into the north gate of the square. A short fight followed, in which the police beat Johnston with the constable an easy winner.

The arrested man was taken to the police headquarters in the large patrol wagon, which was filled with constables, just as the arrest was made.

# DEATH THREAT SCARES WOMAN INTO SUICIDE

**Alcohol Traffic Tangle  
Ends in Death of Farm  
Wife**

NEW BEDFORD, Mass., May 14.—Domestic difficulties and asserted threats against her life, authorities said last night, apparently prompted the suicide of Mrs. Peter Blier, 38, wife of the caretaker of a poultry farm, where customers agents last week found 2,000 cases of contraband alcohol.

Mrs. Blier, the mother of four children, was found dead Monday in the gas-filled kitchenette of a North End home where she had gathered Sunday. A medical examiner pronounced her a suicide but ordered an autopsy.

William J. Fitzgerald, deputy collector of customs, said police had advised him Mrs. Blier had received a message to the effect:

"Keep your mouth shut or you will get what the Lindbergh baby got."

Blier, who told customs the alcohol found May Friday belonged to him, is free under \$10,000 bond pending a hearing May 24.

Ramble Province" Says  
Statement**

CALGARY, May 14.—Retirement William Aberhart head of the Alberta Social Credit League, would not be a candidate in the forthcoming provincial election, was made here last night at a Social Credit nominating convention of Calgary constituency.

It was stated Mr. Aberhart was to be left free to ramble through the province during the campaign and where he was required.

Twenty-seven persons were nominated, 12 names will come before the provincial assembly committee and six of these will be chosen to represent the Social Credit party.

Chairman E. C. Manning told delegates that the party must not be pulled by a candidate and a nominee must have other qualifications. Delegates were informed nominees must not have been associated with any political party during the last six months.

NEW BEDFORD, Mass., May 14.—Domestic difficulties and asserted threats against her life, authorities said last night, apparently prompted the suicide of Mrs. Peter Blier, 38, wife of the caretaker of a poultry farm, where customers agents last week found 2,000 cases of contraband alcohol.

Mrs. Blier, the mother of four children, was found dead Monday in the gas-filled kitchenette of a North End home where she had gathered Sunday. A medical examiner pronounced her a suicide but ordered an autopsy.

William J. Fitzgerald, deputy collector of customs, said police had advised him Mrs. Blier had received a message to the effect:

"Keep your mouth shut or you will get what the Lindbergh baby got."

Blier, who told customs the alcohol found May Friday belonged to him, is free under \$10,000 bond pending a hearing May 24.

Speakers Beaten by Barrage  
Of Questions—Fail to  
Form Group

MUNDARE, May 14.—The first Social Credit meeting held in Mundare met with very little success last week although the National Hall was packed to capacity. Speakers were C. J. Willmott of Calgary and W. Hayhurst, school principal of Mundare. Mr. B. R. Hayhurst acted as chairman. Mr. Hayhurst stated that Social Credit was a vital factor in Alberta at the present time, being a new economic idea to banish poverty from this land of plenty. Further he stated that if Social Credit was adopted in Alberta it would set an example for the rest of the world throughout the Dominion and probably throughout the world. Mr. Willmott outlined the platform of Social Credit before the audience. He stated that the period between the two world wars had been a period of great change and that the world was now in a state of transition. The possibility of a local group forming was a thought which he further mentioned.

# LEGION PREPARES FOR CARNIVAL OF FUN, FROLIC

All the fun of the fair will be available to patrons of the Canadian Legion rally and carnival which opens on May 15. A corps of carpenters were at work Monday morning erecting booths for the different entertainments which have been planned for the pleasure of those supporting the cause. It will be possible for every person to get the game they desire and prizes will be on a scale which will not be exceeded by any carnival staged in Edmonton. "Support for the undertaking has exceeded the greatest expectations," stated Joe Fairley. "We shall be able to carry through the good work that the Legion has done since its inception, but the people must support our carnival to enjoy the frolic which its four days will afford."

Nine-tenths of the asphalt used in the United States is now produced at petroleum refineries in this country.

# POPULACE SHOWS MENTAL STRAIN, AVERS SPEAKER

Mental breakdowns are increasing at an alarming rate among the present day population, declared Dr. A. C. McGugan, director of communicable diseases, provincial government, guest speaker at the regular luncheon meeting of the Kiwanis Club, held Monday noon in the Municipal hotel.

Held under the chairmanship of V. Cook, two new members, Chester Roberts, manager Lincoln hotel, and J. S. Thompson, of the Western Grocers, were introduced during the meeting. Readings were given by Rev. Herbert Pearson.

Speaking on the scope of the disorder prevalent, Dr. McGugan declared the habit of giving children too many tasks to do and thereby affording them little chance of playing out in the fresh air and obtaining healthy exercise.

Parents, today, as well as teachers are too apt to use the child to meet their own social and economic ends, and are determined at all costs that their child shall have a better education and more opportunities than they themselves had, Dr. McGugan stated.

This continued strain on a child's nervous system comes, he pointed out by many, said the speaker, and as a result many children become pathological.

Speaking of the alarming increase of mental breakdowns, Dr. McGugan stated that 33 per cent of the admissions to mental institutions are known as "the split mind." A type he added, very easily recognized by the trained individual.

Children who do not mix readily with their playmates, or are backward in school are too inclined to create imaginary play or progress at school and in this way a vicious process of substitution is begun and steadily grows.

More and more, declared Dr. McGugan, the child is being used for the parent's own ends, frequently resulting in mental breakdowns.

He declared that the individual has to be actually forced and cannot be merely influenced by the parent. It happens, said the speaker, when the child is used for the parent's own ends, frequently resulting in mental breakdowns.

# GRADS RALLY TO THE CLOSE SECOND IN CONTEST BY 49-41

## Run For Huey In Thrilling Relay Competition

Commercial Grade marked up the first second, a successful run over Des Moines last night but they were extended right to the limit to bag the verdict.

Unlike the first trial, which they won pretty much as they liked, the locals were given a great deal of help by the visiting Americans for the entire 40 minutes in this second engagement and it was not until the 10th minute that they pressed hard in an effort to finish on top but could not quite make it.

One thing that is certain is that the Pac. quintet will have powerful light on their hands in the third contest if the Des Moines girls show as much improvement tomorrow as they did Monday's game.

Charlie Roe, general assistant manager of the Speers Corporation, arrived in the city yesterday and immediately began work on the relay competition meeting that will begin here June 1. He expects to spend three or four days in the city before going to Calgary for the opening of the Chinook meeting there.

Interested in the racing game in use was another for most of his life. Mr. Roe has been with the Speers organization for 15 years and has been a member of the local racing club since he was a boy.

## FOUR GAMES START PLAY IN SOUTH

Recreations Victory By Large Margin of 21-7 Here Monday

Flawless weather blessed the opening sessions of the Y.M.C.A. inter-mediate softball league last night as four of the five contests swung into action. Good sized scores were commonplace as the early opening found the pitchers a bit easy to hit and fielders were nervous.

Here is the summary:

**NORTHWEST SECTION:**  
Campbell 42-50 91-15  
Monarchs 204 000 290-10  
Bainbridge and Perry, Brock and Zeisler.  
Empires 3. McLeod and R. Martin.

**SOUTH SIDE SECTION:**  
Kent Miners 600 010 028-7  
Hoopers 154 000 102-11  
Batteries: Ritchie and Sebastian, Grant and Pockett.  
Empires 3. Reid and H. Cox.

**ROSSLAND SECTION:**  
Recreations 141 085 025-21  
Olympics 614 000 020-7  
Batteries: Gaudin and Chumney, McGrath and Winkler.  
Empires: Herb Moore and R. Martin.

**NORTH EAST SECTION:**  
Avenue News 101 002 012-10  
Hoopers 154 000 102-11  
Batteries: Mowbray and Whelpley, Bennett and Holmes.  
Empires 3. Reid and H. Wyley.

**LOOKING EM OVER**  
Bill Melton, of the Hoopers Drive outfit has the distinction of counting the first home run of the season and incidentally, the only one of the evening. There was not a soul on base at the time which impeded the rejoicing.

Highest score in one inning went to Recreation with eight in the fifth. This is last year's Rossland team under new colors and they apparently can wield a wicked bat.

Bob Coxford, umpire, was right on the last night and did an excellent job of officiating. He was probably looking for his recently acquired dignity of organization.

**TONIGHT'S GAMES**  
Snowflake Laundry vs. Young Hoopers at Exhibition grounds.  
Young Bucs vs. Fox X at McDougall school.  
Recreation vs. Del Sarlo at the Golf Links.  
Hoopers vs. Strathcona at the Hotel at South Side Athletic.  
Pirates vs. Imperial Oil in Rossland at Alberta College field.

**GOOD CLASS HORSES FOR LOCAL MEET**

Calgary, May 14.—Some idea of the class of horses that Edmonton fans are going to see in action at the seven day meeting beginning at the fair grounds on June 1 may be got from the names of the horses included in the car now on its way from the Tanforn race track in western Canada.

Several important names are among them, notably Bromhead, Help Yourself and Lemon Hills. These three with Broadway King will carry the colors of the Winnipeg sportsman, Dan Grant.

Trombone is probably the best bred horse to come to western Canada, but he is not a local horse. He is owned by the late Mr. J. H. Macdonald, who was a well known horseman in Calgary.

Help Yourself needs no introduction to western fans. The savior of both the 1935 and 1936 Western Canada, he is now owned by the late Mr. J. H. Macdonald, who was a well known horseman in Calgary.

Recreation's victory over the Hoopers was a triumph for the team, as they were the only team to win a game in the Northwest section.

**WIN. RICHARDS' CAREER ENDS**

NEW YORK, May 14.—Vincent Richards' tennis-playing days are over.

The former United States Davis Cup player, a professional since 1928, suffered injuries in an automobile crash last week, which ended his career.

Still in hospital at Bronxville, Richards philosophically dropped the subject.

"As a matter of fact, I was thinking about cutting down on my tennis. It was taking too much time from my business, which is too important to be neglected. It has been fun and I have to regret."

Richards, 32, was the United States' top performer for many years. He won the 1935 Wimbledon championship with Bill Tilden.

**GOLF FACTS... NOT THEORIES**

BY ALEX. J. MORRISON

The tournament committee of the C.A. must have felt it was picking a winner easy for the Amateur, and easy for the professional.

As a rule, the pressure of play in the open adds 10 strokes to the score. In the case of the C.A. this year, the pressure was added to the score by the fact that the tournament was held in the middle of the season.

**O.C. CRICKET**

LONDON, May 14.—Middlesex won 144 second straight victory of the county cricket season by beating Essex 144 runs at Lord's.

The match was a low-scoring affair, the visitors scoring 144 and the home team 144.

Leicestershire again a surprise by beating Lancashire 144 runs at Trent Bridge.

Nottinghamshire 144 and 144 for 40 runs. Somerset 144 and 144 for 40 runs.

## Still Stars In Twirling For Pirates

Myrtle Fisher, tall forward of the Des Moines quintet was the biggest feature of the game. She showed greatly improved form over that of Saturday when they lost, 60-25.

Grads now needed more one win to retain the trophy. They face the invaders in the third game Wednesday night, starting at 8:30 o'clock.

## Des Moines Puts Up Great Battle But Loses Clash

Victors Force Champions To Limit Before Finally Losing Out — Fisher and MacDonald are High Scorers

By BILL LEWIS

A scoring spurt in the closing minutes of play was all that carried Commercial Grads to a hard-earned triumph over Des Moines at the Arena last night in the second game of their basketball series for the Underwood challenge trophy. Deadlocked with the visitors at 39-41 in the early part of the final frame, Grads rallied to win in eight points and win by a 49-41 margin.

It was a highly interesting struggle throughout and kept the fans interested until the very end, with the Americans showing greatly improved form over that of Saturday when they lost, 60-25.

Grads now needed more one win to retain the trophy. They face the invaders in the third game Wednesday night, starting at 8:30 o'clock.

## School Baseball Schedules Set

The long waited for boys high school baseball and softball schedules were released yesterday. The opening baseball game was billed for last night and took the form of a double header. The softball campaign will get under way tomorrow for their initial clash while Technical and Victoria met on the latter's campus. Today's softball contest was between Victoria and Victoria Technical and Victoria Wood.

Home diamonds for softball are all of the school campuses. Home diamonds for baseball are: Eastwood, Exhibition Grounds, Secana, S. H. Street, Victoria Technical, Victoria Street Grounds and Victoria on their own campus.

## CRAIG WOOD LEADS STARS IN U.S. OPEN

NEW YORK, May 14.—Craig Wood, the blond bomber of New Jersey, who was disqualified in the 1934 United States open golf championship for playing the wrong ball, fired a pair of sub-par 71's Monday to clinch the right to compete for the 1935 edition of the title.

Craig's aggregate 142 led the qualifiers in the Metropolitan New York district while hundreds of hopefuls—the great, near-great and some who never had been heard of—did their best to earn a score of 142 or less.

"Old Hoot" Walter Hagen, retired home with 72-76 to earn a berth. Al Watrous, another well-known figure in Canadian open championships, also came through safely with 74-75.

**WENSTOB LOSES FIGHT DECISION**

LONDON, May 14.—Tommy Farr of Wales last night outpointed Eddie Wenstob, Edmonton light-heavyweight boxer, in a six-round bout.

The fight was the headline encounter of a card arranged in aid of the Glasgow London fund for the blind. Wenstob gave his services for £15 about \$125, which did not cover his training expenses.

## Rowe Beats Yanks Giving Four-Hits: Tigers Win, 3-0

Impressive Schoolboy Is Again Master Against New Yorkers — Secures Second Triumph

DETROIT, May 14.—Lynwood (Schoolboy) Rowe, five-times conqueror of New York Yankees last year, resumed his mastery over the New Yorkers Monday as he shut them out with four singles to give Detroit a 3-0 victory in the teams' first clash of the season.

Rowe finished the game with a light 2-1 decision Monday to give the Tigers his before he was lifted for a pinch hitter in the seventh.

Pat Malone finished the game with a light 2-1 decision Monday to give the Tigers his before he was lifted for a pinch hitter in the seventh.

## Clyde Hurlburt Pittsburgh To Win

PHILADELPHIA, May 14.—Clyde Hurlburt, young right handed star of Pittsburgh Pirates, allowed the Phillies only four hits Monday and his fifth first game of the season.

Hurlburt had retired 11 men in one inning when DuRoche faced him with two out in the 10th and allowed the second ball pitched against the face of the upper stands in left field.
